

## JOHN B. MOORE BRYAN'S CHIEF AIDE RESIGNS

Hinted Counsellor of State  
Department Dissatisfied  
With Policy  
Reports Promptly Dis-

Comment Widespread Because  
of the Tangled Foreign  
Relations

WASHINGTON, March 4.—John B. Moore, counsellor of the state department, and the recognized strong man of the present administration on international questions, concluded his services with the government today, when President Wilson accepted the resignation Mr. Moore had submitted a month ago.

Coming at the present time, when international affairs occupy the forefront of official and public attention, the departure of Mr. Moore from a position second only to that of Mr. Bryan, attracted widespread comment. Although the resignation had been in the president's hands since February 2, last, to take effect today, this fact had not been generally known. There had been reports months ago that the counsellor of the state department did not find his labors entirely congenial and was about to resign, but these reports were promptly denied. It was then explained, and again officially explained today, that Mr. Moore had come into the administration with an understanding that his tenure was provisional for a year, so that he could return at the expiration of that period to his duties as head of the department of international law at Columbia university. This fact was a strong emphasis in the official correspondence made public tonight.

Personal Views Differ.

Although the official statement—one from the president, one from Mr. Bryan and Mr. Moore's own statement of resignation—made no mention of the fact that Mr. Moore's personal viewpoint on some of the most important policies relating to foreign affairs were not always in accord with those of his superiors. At the same time, it has been recognized that he gave unwavering loyalty and unprejudiced counsel to the fulfillment of the policies as finally adopted. It is said in this connection that when the question of recognizing the Huerta government was being discussed Mr. Moore submitted a memorandum citing precedents by which the United States would be justified in recognizing the Huerta government.

Previous to Mr. Moore's appointment, however, the general policy of the administration set up by arbitrary force had been outlined in a statement from President Wilson. When it was definitely determined not to recognize the Huerta government, Mr. Moore contributed his energies to carrying out the policy officially determined upon.

During the diplomatic controversy with Japan arising out of the passage by California of an antislavery law, Mr. Moore was constantly consulted by the president and his counsel as reflected in notes defining the American position.

## EARLY DAY HISTORY OF COLORADO, WRITTEN BY IRVING HOWBERT, COMES FROM PRINTER

Work Is Only Authentic Record of Its Kind,  
and Is of Greatest Historical Value

Authentic records of the pioneer history of the Pikes Peak region and its early inhabitants, the Indians, have been enriched by the addition of a historical book entitled, "The Indians of the Pikes Peak Region," which has been written and published by Irving Howbert, one of the pioneers of the region. Mr. Howbert personally had the book published and intends to distribute the limited edition among his close friends. Later the book may be run off in a new and revised edition. The book will be used as one of the texts in the course in Pikes Peak history now being given at the college of which Irving Howbert has been a trustee since 1900.

The new book cannot fail to be of much interest and value to those who are interested in the early history of this part of the west and has made a life study of the Indians and the plains. He has one of the most complete libraries on the early history in the west and has been engaged for years in writing a book on Indian life in order to preserve it for posterity.

Came to Colorado in 1862.

Mr. Howbert came to Colorado in 1862 and was clerk of El Paso county, Colorado, territorial days. In 1871 he issued the certificate which legally incorporated Colorado Springs. Much of his early life was spent in ranching.

## MIDWEST COMPANY TO MOVE OFFICE TO DENVER APRIL 1

Change to Be Made so That  
Headquarters Will Be  
Nearer Oil Field

The offices of the Midwest Refining company, the new \$20,000,000 corporation organized last week by the Midwest and Franco Oil companies, will be moved from Colorado Springs to about April 1. O. H. Shoup, president of the new company, will have residence and an office in the new company, and J. L. Warren, secretary, and J. L. Warren, secretary, will be in charge of the interests in this city and Shoup and Hopkins will spend much of their time here.

The Midwest company has maintained its general offices in the Exchange National bank building since it was incorporated. The change is being made officials say, in order to be nearer the Wyoming fields as well as being more centrally located in respect to the larger oil markets.

The entire office force now employed in the Colorado Springs offices will be moved to Denver and the larger part of the business will be transacted from there.

Big Year Expected in 1914.

According to Mr. Shoup the new company expects profits of not less than \$2,000,000 this year. This is 10 per cent of the entire capital stock of the new company. The estimates are based on the earnings of the Midwest and Franco companies last year, the former netting \$1,500,000 and the latter \$500,000. Each refinery is capable of duplicating this amount during 1914, the officials say and it is believed with the new details of organization, that this figure will be increased. The conditions of the oil markets will have much to do with the company's profits and it is said that the prospects are better than in 1913.

Mr. Naylor, who has been with the Midwest people for three years, principally on the field and at Casper, has been working in the Canadian territory from Winnipeg, Manitoba, westward through the immense grain country of Manitoba, Assiniboia, Saskatchewan and Alberta, and has met with splendid success in laying plans for a wider market. The Midwest company will work in harmony with the Imperial Oil company of Canada, the Canadian branch of the Standard, in marketing the oil and the connection in that territory is valuable. This is a country of farming on a large scale and the oil of strapping engines are in use for plowing, harvesting and threshing. Canada affords a tremendous field for the sale of gasoline and motor spirits and the time may come when the Midwest might build a refinery in that territory and ship the crude oil over the boundary as it is free of duty.

To Increase Selling Territory.

Extensions of the market are also being made in the northwestern United States. The new company is now in a much stronger position for making large contracts than either company was before the consolidation, and much is being done along this line.

The plant of the Standard oil company at Casper for the manufacture of motor spirits from fuel oil, is progressing rapidly to completion and will be started with a capacity of 1,000 barrels a day about April 1. It will be increased to a capacity of 3,000 barrels a day this summer.

## \$50,000,000 MORGAN ART EXHIBIT CLOSELY GUARDED

NEW YORK, March 4.—It became known today that unusual precaution is being exercised by the Metropolitan Museum of Art to guard against thieves and fire the \$50,000,000 Morgan collection now on view.

## I. W. W.'S ARRESTED IN CHURCH IN NEW YORK

Several Hundred Men Jailed  
When They Disregard  
Police Warnings

NEW YORK, March 4.—Several hundred men, who, under the leadership of the Industrial Workers of the World, have been marching on church edifices recently, were arrested tonight in St. John's Roman Catholic church on West Broadway after they had disregarded warnings that if they entered the church it would be under peril of arrest.

As the men neared the church, detectives informed Frank Tannenbaum, who has headed the demonstrations made during the last few days, that if the men entered the building they would do so at their peril. Tannenbaum, instead of heeding the advice, called on the men to follow him.

A Lent service was in progress in the church when the men entered. Women screamed when they saw the intruders, who quickly occupied seats well in front. When the last of the men had entered the church the detectives ordered the doors locked.

Meanwhile the reserves from police stations had been called and patrol wagons from all over the city were rushed to the scene.

When the policemen entered the church pandemonium ensued. For half an hour there was wildest disorder, due in a measure to the efforts of the police to separate the intruders from the worshippers. The Rev. J. G. Schneider and several other priests, who tried to pacify the men by talking to them, found their good intentions useless.

The men were taken from the church in twos and taken to the domestic relations court for a preliminary hearing.

That the police would take action against the demonstrators became known earlier in the day. It is understood that the course taken was the result of a conference between Mayor Mitchell and Police Commissioner McKay, held this afternoon.

The unemployed gathered in Rutgers square, shortly after dark, as has been their custom, and were addressed by Tannenbaum. It was then understood that a visit would be paid the Judson Memorial church on Washington square. On the way this plan was abandoned, but the police detail following the crowd learned the change.

The Rutgers square meeting was a gathering of more than 1,000 persons who listened to speeches which the police charged ridiculed churches which had existered the unemployed on previous nights and urged that drastic steps be adopted to get rid of the "scab" system.

At the conclusion of the speaking, Tannenbaum, holding up hand for silence, said:

"Now we are going for a walk. I wish to warn you men not to do a thing that may lead to your arrest."

Within a comparatively short time afterward 195 men and one woman of the party that had started on the march were in custody and shortly after 11 o'clock the entire company had been gathered in the domestic relations court for a hearing. Tannenbaum, their leader, was charged with inciting to riot and held in \$5,000 bail for a hearing tomorrow.

It was a motley array that was lined up before Magistrate McAdoo. Most of the prisoners were foreign born. One man had \$50 in his possession which he said he had earned as machinist. No one of the others had more than a dollar in his pockets.

Tannenbaum was locked up after his arraignment in default of bail. Gusie Miller, an I. W. W. field worker, was released in the custody of her counsel. Others were each held in \$1,000 bail for a hearing tomorrow on the charge of disorderly conduct.

## ONE-THIRD OF POPULATION OF TOWN ILL WITH TYPHOID

ST. JOHNS, Que., March 4.—The seriousness of the epidemic of mild typhoid in St. Johns and Ibberville, and Sabrevois county generally, was realized today when it became known that at least 2,000 persons out of a total population of 7,000 are suffering from the disease.

## FAST SPECIAL BREAKS RECORDS ON SANTA FE

Train Rushing Battle Creek Millionaire  
Across Continent Smashes All  
Time Marks in West

ALBUQUERQUE, N. M., March 4.—The special train rushing C. W. Post, the Battle Creek millionaire, from Santa Barbara to Rochester, Minn., for an imperative major operation arrived here tonight at 10 o'clock over the Santa Fe.

A 130-ton superheated locomotive pushed the special over the grades of the Santa Fe division of the Santa Fe coast lines at an average speed of 38 miles an hour, completing the 301-mile run from Los Angeles in 24 hours 30 minutes, an hour and 20 minutes faster than the Santa Fe's fastest train.

In W. E. Leslie of Battle Creek, Mich., said here that Mr. Post's condition was not dangerous. He had not been confined to his berth all day but had retired when the train reached here. Dr. Leslie said he did not know whether the millionaire would have to undergo an operation when he reached Rochester, Minn. He was confident Mr. Post would survive the trip.

## MINERS WANT CONTROL EVEN OF BUSINESS

"Pay All They Ask; Take  
What Little They Pro-  
duce," Rule, Says Bettis

## COMMITTEE GOES TO DENVER

Political Control by Operators  
Alleged by Strikers  
at Day Sessions

WAIKENSBURG, March 4.—Under a contract with the United Mine Workers of America, about all a mine operator has to do is to pay the miners what they ask, dig up the money to do it, and find a market for what little coal they produce.

Thus did E. S. Bettis, operator of the Independent Royal Gorge mine, in Fremont county, summarize his alleged experience under union conditions between October 1 and December 22, 1913. Bettis was a witness for the mine owners late today in the federal investigation of the coal miners' strike.

Bettis signed a contract with the union after the strike was called, and his men went back to work. His relations with the United Mine Workers terminated, he declared when the miners went on a "scab" strike because the company refused to reinstate a man laid off after being employed for temporary work.

Mr. Bettis told the committee that during the short period in which his mine was operated under contract, the "pit committee" of the union constantly interfered in the dealings of the company with its employees, to the detriment of the mine production and of the discipline of the men. He declared that as a result of this alleged interference, the miners actually earned less under union conditions than they had under the open shop system.

On one occasion, he swore, the pit committee caused the mine to be closed down for a whole night because the union wanted the miners to stop working for the local organization.

He testified that the union tried to prevent him setting cables on electric light and power comp. V. which furnished power to his V. S. giving as a reason the fact that the electric company also furnished power to the local organization.

## Wilson to Deliver His Message Urging Repeal of Canal Tolls Today

WASHINGTON, March 4.—Resolutions were adopted by both houses of congress today providing for a joint session tomorrow at 12:30 o'clock to hear an address of President Wilson urging the repeal of provision of the Panama canal act exempting American coastwise shipping from tolls.

After the president has read his message it will be referred to the house committee on interstate commerce which will draft legislation to carry out his recommendation. It is expected that the committee will re-ceive a bill by Representative Sims of Tennessee introduced at the last session, which would provide for the flat repeal of the toll exemption.

Although some opposition to the bill will develop in committee, it is assured of a favorable report. From the Democratic side in the senate the opposition will be directed by Senators O'Gorman, chairman of the committee on interoceanic canals and Secretary Chamberlain of Oregon.

## CAPT. STARK NAMED TO SUCCEED BURNO

Mayor Appoints Him Chief of  
Police on Recommendation  
of D. G. Johnson

To succeed Stanley D. Burno, Captain Howard Stark was appointed chief of police for a period of 60 days by Mayor C. J. McKeon yesterday on recommendation of Commissioner D. G. Johnson of the department of public safety. The appointments takes effect March 16. All appointments in the department are made on a 60-day basis if the appointee makes good the appointment continues.

Captain Stark has been a member of the police department for the last four and one-half years and in addition to his experience is well liked by the men of the department. As captain he acted as chief at night and this experience has fitted him for his new position.

The practice of promoting capable officers when the opportunity offers will tend to insure greater efficiency in the department. Commissioner Johnson believes and for that reason he prefers to advance men in the service rather than to go outside to fill vacancies.

## GOETHALS IS GIVEN CIVIC FORUM MEDAL

First Presented by Institution  
for "Distinguished  
Public Service"

NEW YORK, March 4.—Colonel George W. Goethals, builder of the Panama canal, was tonight presented by the Civic Forum with a medal for distinguished public service, the first to be awarded by that institution. The presentation was made by John H. Finley, New York state commissioner of education who acted as chairman of the meeting in the enforced absence of Joseph H. Choate, former ambassador to Great Britain. Speeches celebrating the event were made by Mayor John Furrow, Mitchell Rear Admiral Robert M. Peary, Dudley Field Malone, collector of the port of New York, Dr. St. Clair McKelway, Bishop David H. Streeter of the Protestant Episcopal diocese of New York and Former Secretary of War Henry L. Stimson. A dedicatory poem was read by Percy Mackaye.

Carnegie hall, where the meeting took place, was filled to capacity. Colonel Goethals was given an enthusiastic ovation when the presentation took place and in a brief speech thanked the forum and paid a tribute to his subordinates.

The speeches made were highly laudatory of the canal builder. Mr. Stimson spoke of the fine spirit which Colonel Goethals had fostered in the 40,000 men under his command, the success of the undertaking was in a large measure due to this.

Mayor Mitchell took advantage of the occasion to state in the presence of Colonel Goethals why he had asked him to become police commissioner of New York.

"It was not because Colonel Goethals was a great engineer that I asked him to become police commissioner," he said. "It is because he is a great administrator and it is the legislature of the state of New York does his duty. I know we will secure him."

Colonel Goethals in his speech made no reference to Mayor Mitchell's remarks, nor did he allude in any way to the New York police commissioner-ship. Colonel Goethals sat directly behind the mayor when he made the statement referring to the canal builder in connection with New York city's police service and a great outburst of applause greeted what was regarded as the significant statement by the mayor made in the presence of Colonel Goethals himself.

## Major A. V. Bohn of Leadville, Pioneer of Colorado, Dead

LEADVILLE, March 4.—Major A. V. Bohn, former postmaster and pioneer mining man of Leadville, died in Los Angeles, Cal., this morning, according to a telegram received here. He was 79 years old.

Major Bohn came to Leadville in 1877 and for many years managed the Bonanza mines of H. A. W. Tabor, and was the organizer of the Home Mining company, which unwatered the Leadville basin, the stock of which rose from \$1 to \$15 a share in two weeks. He was at one time department commander of the Grand Army for the department of Colorado, Wyoming and New Mexico.

## 45,617 UNEMPLOYED MEN IN CHICAGO, POLICE SAY

CHICAGO, March 4.—There are 45,617 unemployed men in Chicago, according to figures compiled today by the police after a complete canvass of the city at the request of the federal commission on industrial relations. The summary divides these out of work as follows:

Residents of Chicago 35,243  
Skilled workmen 12,774  
Foreign born 22,278  
Honestly seeking work 32,612  
Of 1,770 men sent to work for the city during February, 725 failed to report, and 43 of these men were arrested for accepting car tickets under false pretenses.

## COMMITTEE LIKELY WILL FAVOR HALL NOMINATION

Senator Pomeroy Says Body Will  
Approve Local Man's Appointment  
to Commerce Commission

WASHINGTON, March 4.—Favorable reports probably will be submitted in a few days by the senate interstate commerce committee on the nomination of Winthrop M. Daniels of New Jersey and Henry C. Hall of Colorado who were named by President Wilson January 31 as members of the interstate commerce commission.

The names were referred to the committee more than a month ago, upon request of Senators La Follette and Cummins were later submitted to a subcommittee.

Senator Pomeroy, the chairman, said today the subcommittee probably would make a favorable report after a conference with Senator La Follette tomorrow.

## HATCH PREPARED TO CONTEST WILL LEFT BY MRS. L. H. BRYANT

Petition Filed Yesterday by  
Nephew, Asks Court to  
Name Administrator

Asking that an administrator be appointed to the \$200,000 estate of the late Lydia H. Bryant, 106 North Colorado avenue, T. T. Hatch of Kaufman, Tex., her nephew, filed a petition in the county court shortly after noon yesterday. Mrs. Bryant's will was deposited with the clerk of the county court a short time after her death but has not yet been filed officially. The will is filed he will contest it.

Mrs. Bryant, who died at a local hospital February 18, left a will naming Mrs. W. K. Argo of this city a lifetime interest in her home on Colorado avenue and leaving bequests to a number of friends here, as well as to the W. Y. C. A. Beth El hospital and Glockner sanatorium.

The Colorado executors named in the will were Mrs. B. B. Cooper and S. J. Gilles. Gilles has filed notice in the county court of his refusal to act as executor. An executor living in New Orleans, who was also a part beneficiary of the will, also refused to act and this leaves the estate without legally constituted administration. Hatch asks that Mrs. Cooper be placed in court and show cause why an administrator should not be appointed.

Hatch it is understood, will contest the will on the ground that he is the only heir and that Mrs. Bryant who was his father's sister was of unsound mind and spent 12 years in a sanatorium in Nebraska. He claims that she was subject to undue influence and that the will which was drawn just previous to her death was illegally executed. He is the owner of a 2,000-acre ranch near Kaufman, and is said to be wealthy. Hearing on his petition will take place at 2 o'clock this afternoon before Judge W. P. Kinney.

## Judge Takes 'Mother' Jones Habeas Corpus Case Under Advisement

TRINIDAD, March 4.—At the conclusion of the district court this afternoon the request of Horace N. Hawkins for the presence of "Mother" Jones in court was withdrawn. This decision was reached after a conference between Hawkins and Major E. J. Boughton of the judge advocate's office.

Major Boughton stated to the court that he would offer no argument for denial of the writ of habeas corpus as he believed that the same ruling as in the previous case should rule. Hawkins then consumed some time in argument attempting to show that the "Mother" Jones case was entirely different to the preceding cases. After hearing the argument the judge took the case under advisement.

General John Chase, Major Boughton and Colonel Lingfelter left this evening by automobile for Walsenburg where they have been requested by congressional investigation committee to appear with records of the proceedings of the military commission.

## SLIGHT EARTHQUAKE IS FELT THROUGHOUT ALASKA

FAIRBANKS, Alaska, March 4.—An earthquake lasting several seconds was felt here at 8:55 last night. Reports received here indicate the shock was felt through the interior of Alaska. No damage was reported.

## SPRINGS COPPERS WILL BE ALL-WISE WHEN THEY ABSORB CONTENTS OF NEW RULE BOOK

What to Do and How, Is Explained in Detail  
in Instruction Book to Be Issued Soon

In the future, every policeman in Colorado Springs will be a well-informed walking encyclopedia of information on every subject that comes under the jurisdiction of the police department. This is the plan of the new instruction book which will be issued soon by the police department.

The new book is a very subject matter from experience in the details of police work and the subject is entitled "First Aid to the Individual." It will be issued to the officers of the police department and will be a very valuable book to have in every policeman's pocket.

The book will be a very valuable book to have in every policeman's pocket. It will be a very valuable book to have in every policeman's pocket. It will be a very valuable book to have in every policeman's pocket.

## GEN. CARRANZA ORDERS PROBE BAUCH AFFAIR

Benton Commission Told to  
Investigate Disappearance  
of American

## TO URGE CHANGE OF POLICY

Senate Intends to Take Action  
on Mexican Situation  
in Few Days

SENATE, March 4.—General Carranza ordered tonight in his eighth order of the day, the Benton commission to investigate the disappearance of General Villa. This action was taken after receipt of a report from General Villa regarding the disappearance of General Bauch, the American.

General Villa's report stated that Bauch had been jailed at Chihuahua city on suspicion of being an agent of unfriendly interests. Villa said, however, that the American had been released and that since then the state authorities had been unable to locate him. He promised continued efforts to secure more information about his disappearance.

The hope expressed that General Carranza's order for the Benton commission to investigate the Bauch case would be ample assurance to the Washington government of the good will of the Mexican insurgent to assist in the protection of foreigners in Mexico.

It was explained that at the time the Benton commission had been appointed nothing had been heard from General Villa regarding the Bauch case which would warrant a special investigation, although Villa had been instructed immediately to investigate and report upon the American's disappearance.

## Senate to Act.

WASHINGTON, March 4.—Although Great Britain's reluctance to press the Benton case as this has made the Mexican situation less acute, there are several aspects of it which it is now practically certain, will occasion spirited debate in the senate in a few days.

It became known tonight that facts and data concerning the number of foreigners killed in Mexico since armed revolution began there are being gathered by the state department for Senator Shively, ranking member of the foreign relations committee, who is expected to present official records about conditions in the southern republic. It was reported that Senator Fall of New Mexico would open the debate with a speech pointing to conditions in Mexico and urging a change of policy.

Incidentally the New Mexico senator today presented to the foreign relations committee Pedro del Villar and Cecilio Oron, representing the political interests of Felix Diaz.

Members of the committee were frankly amazed when the Mexicans sought the moral support of the United States government in their about peace in Mexico by sending them headed by Diaz. It is said that no idea of it was sent. It is said that no idea of it was sent. It is said that no idea of it was sent.

**KILLING OF ST. LOUIS**

**GANGSTERS JUSTIFIED**

ST. LOUIS, March 4.—The grand jury today decided that Henry Zang was justified in killing Wesley "Red" Simon, three hours after Simon went on trial last Monday for the murder of another gangster.

Zang, who was to have been the chief witness against Simon, testified today that he shot the defendant when he thought Simon was about to kill him.

The killing occurred in a saloon across the street from the municipal court building during a 10-minute court recess in the Simon trial.

Zang declared he would remain in St. Louis in spite of intimations that the gang would get him. The killing of Simon was the tenth resulting from the gang feud.

**KAISER WILHELM**

OF Germany

The rumor that Kaiser Wilhelm's health had been failing and that his physicians had prescribed a rigorous course of outdoor exercise has been denied. The rumor originated from the fact that the Kaiser was recently seen near one of the stables on the grounds of Potsdam palace busily engaged in the task of chopping wood. The Kaiser has ordered that his so-called friends and subjects be informed that he is chopping wood daily merely because he enjoys this form of useful and healthy exercise.

**GRAY HAIR NOW**

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and luster, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of Weyth's Sage and Sulphur Hair Remedy, which makes the hair so naturally, so evenly that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair, and keeps the scalp cool and soft.

You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Weyth's Sage and Sulphur is that by its use beautifully darkening the hair after a few applications, it also brings back the gloss and luster and gives it an appearance of abundance. **High Export Tax on Beef**

MEXICO CITY, March 4.—A virtually prohibitive export tax has been placed on cattle and hogs. This is not a measure by which it is expected to bring revenue to the government, but to conserve the country's food supply. The region from which the capital and other cities are receiving their beef cattle has been greatly restricted by the revolution and the problem of maintaining a meat supply promises to become serious should the rebels continue closing in on the capital.

Shippers attracted by better markets abroad recently began exporting to such an extent as to cause apprehension.

**BAUCH AFFAIR**

(Continued From Page One.)

The committee flatly stated that the United States could not recognize any such movement. Villar and Ocon severely arraigned Huerta as corrupt and Carranza and Villa as bandits and argued that Felix Diaz had a host of loyal Mexican citizens behind him who would rush to his support to establish a real government in Mexico. They wanted to get a promise, if possible, from the American government that it would uphold Diaz and recognize him if the counter-revolution succeeded. Several members of the committee characterized the proposition as preposterous.

**Murders Unexplained.**

The reported murders of two American citizens—Gustav Bauch, by Constitutionalists, and Clemente Vergara, by Mexican federalists—are still unexplained. General Carranza's promised inquiry into the disappearance of Bauch has not materialized, while the Huerta government has failed to clear up the mystery surrounding the alleged kidnapping and killing of Vergara.

The request by Governor Colquitt of Texas, upon the federal governor of Nuevo Leon for the extradition of those responsible for the kidnapping of Vergara occasioned much discussion in official circles here.

Secretary Bryan suggested to Governor Colquitt that he might ask for the extradition of the offenders from "the governor of Nuevo Leon," leaving it to the Texas governor to determine who that individual was. The extradition has been asked for on the charge of horrorextending. State department officials say that under the treaty the offenders if extradited could not be tried for murder, because Vergara was slain on Mexican soil.

Asked about the status of the commission of American and British representatives who were to have examined Benton's body, Secretary Bryan said the question was "in statu quo."

He added that confirmation had been received by the state department from American Consul Simpich of the appointment by General Carranza of a special commission to proceed to Chihuahua to make an investigation of Benton's death. It is considered probable that the commission will await the outcome of the new inquiry.

**Haste Demanded.**

NOGALES, Sonora, Mexico, March 4.—All press reports in reporting upon the death of W. S. Benton will be required of the commission now at El Paso, Tex. This was announced from General Carranza's headquarters here today, when assurances were given that the committee appointed last night had instructions to report confidentially to General Carranza. It is exact result of their findings and regardless of political or personal feeling.

It was said that written instructions had been sent the members of the investigation committee, who had been instructed by telegraph today of their appointments. It was said that General Carranza would leave at once for the east on the trip which will place him at least 10 days out of communication while on his overland march from Naco, Sonora, to Casas Grandes, Chihuahua.

An order placed in rigid effect today resulted in the excluding from Mexico of all persons who had come from territory held by the federalists. This hindered several American business men who had business on the Mexican side of the line at this point. It was explained that the order has been made necessary by recent transmission of military information.

**Probing Benton Death.**

ROME, March 4.—Pope Pius today received in audience Monsignor Tommaso Boggianni, apostolic delegate to Mexico. His holiness discussed the situation in Mexico and evinced horror at the killing of William S. Benton at Juarez. He also inquired about the delay in permitting the United States government to investigate Benton's death.

EL PASO, Tex., March 4.—A Mexican commission to examine into the death of William S. Benton, appointed by Venustiano Carranza, supreme chief of the revolution, arrived here tonight and will review the findings of the alleged courtmartial independently of the Anglo-American commission, the work of which has been hampered by diplomatic technicalities.

The new commission is composed of General Ramon Frauto, president, Dr. Miguel Sila and Miguel Lara. They expect to begin work tomorrow to ascertain according to their instructions whether the arrest and conviction of Benton was according to due form of law and justice. Unless some flaw in the proceedings is discovered, the new commission is to act entirely independent of the Anglo-American commission, according to Carranza's instructions.

The commission of foreign pressmen, while inactive, awaiting instructions from Washington.

A detachment of federalists is reported to have occupied Casas Grandes unopposed today.

**WASHINGTON, March 4.** War department plans were announced today for holding student military instruction camps next summer at Ludington, Mich., for the central section of the country, and at Monterey, Cal., for the west.

All of the camp except that at Monterey will open July 6 and close August 1, and at Monterey the students will be assembled from June 28 to July 31. University and college students, members of graduating classes of high school and recent college graduates are eligible to participate.

A departmental bulletin issued today explained that the purpose of the camps is to give the youth of the country an opportunity to receive a short military training fitting them for service in the event of the should be needed.

**Colquitt Wants Murderers.**

DALLAS, Tex., March 4.—Gov. O. B. Colquitt of Texas, who was here today, announced he has wired the Mexican federal authorities in Nuevo Leon, state of Mexico, for the extradition of Apolinario Rodriguez and the five Mexicans charged jointly with him in the kidnapping of Clemente Vergara, an American citizen. The requisition is based on a charge of horse theft. Vergara was afterwards killed.

The state of Nuevo Leon is practically controlled by the Mexican federalists although there are scattered bands of rebels there. Governor Colquitt's requisition will have to go to the Huerta governor at Monterey. Results of the Texas governor's latest move will be awaited with great interest in official circles here.

**But Is Not Likely to Get Them.**

LAREDO, Tex., March 4.—No telegraphic communication was available here today with Governor Salome Botello of Nuevo Leon, who is supposed to be at Monterey, and to whom Governor O. B. Colquitt's requisition for persons charged with crimes in Texas would go. The telegraph line to Monterey was either not working or the federalists were permitting nothing to pass over it publicly.

Mexican federal sympathizers here tonight intimated that Governor Botello might inform Governor Colquitt that Captain Apolinario Rodriguez and the five men of his command, alleged abductors of Clemente Vergara, the American ranchman, being soldiers, are not amenable to civil courts.

**MOVING REBEL CAPITAL.**

EL PASO, Tex., March 4.—Seventy men heads of departments, clerks and secretaries employed in the civil branch of Carranza's government, arrived in El Paso late tonight from Nogales, Sonora, and will cross to Juarez tomorrow where they will establish the offices of the Constitutional government. The movement of the minor officials of the government departments to Juarez is the beginning of the transfer of the Constitutional provisional capital from the state of Sonora to Ciudad Juarez. With the party was a special baggage car containing all of the official papers of the Constitutional government, which will be transferred to Juarez tomorrow.

None of the members of Carranza's cabinet accompanied the minor officials and employees to El Paso. They remained with General Carranza at Nogales, Sonora, where they were in session with him during the day discussing the Benton case.

General Carranza with his cabinet probably will leave Nogales tomorrow for Juarez making the journey overland. The party will have an escort of 2,000 men through the territory to

He added that those experiments were carried on in every country in the world, and were the surest methods of advancing the progress of medical science.

**MEXICO CITY, March 4.**—Talking for the first time today to a few newly arrived newspaper correspondents, President Huerta reiterated that he has an army of 250,000 men, with which he is determined to fight the rebels until they are subjugated or exterminated. He added that he was about ready to begin the construction along the railroads of 4,000 block-houses, about a mile and a half apart. In each of which would be placed 10 men. Orders have been given for the barbed wire, he said, and this would be strung along the right of way of the railroad lines. The president expressed confidence that this scheme of protection would prove effective against the rebels.

**VERA CRUZ, March 4.**—The president's yacht, the Mayflower arrived off Vera Cruz tonight. On board are the wife and two daughters of Rear Admiral Fletcher. The admiral is in command of the naval war college at Newport, who will become Admiral Fletcher's chief of staff. The passengers will land tomorrow.

He also inquired about the delay in permitting the United States government to investigate Benton's death.

**BOSTON'S POOR ASK HELP FROM STATE LEGISLATURE**

BOSTON, March 4.—The unemployed marched up Beacon hill today and asked for work from the legislative committee on social welfare. The parade was headed by Morrison I. Swift, who had been active in behalf of the unemployed for several years.

Women and men numbering more than 100, informed the committee that they had been out of work for months. Mr. Swift suggested that they be sent to a state farm.

Henry Sterling, a representative of the state branch of the American Federation of Labor, told the committee that there were 500,000 persons out of work in this state.

After the chairman of the committee had announced that the petition of the unemployed would be carefully considered and an effort made to find some solution of the problem, Mr. Swift's delegation departed.

Upon leaving the state house, they marched to St. Paul's cathedral, where the leader called for Dean Rousmaniere. When he was told the latter could not see him, Swift left a letter asking:

"Can you not organize a free restaurant or form a bread line? This is an emergency, and we therefore urge you to head a movement among your people to do something now. The state cannot get into action before great suffering shall have been endured."

**LONDON, March 5.**—The Daily Chronicle, which enjoys in a large measure the confidence of the Liberal government, declares today that despite assertions to the contrary, the government has no intention of dissolving during the present year and that the ministers anticipate finishing out their full five-year term.

The government, according to the Chronicle will introduce today (Thursday) for their first readings during the present session the Irish home rule bill, the Welsh disestablishment and the plural voting bills and expects to carry all three of them before the expiration of its present term of office.

**GOVERNOR WALSH WILL REFUSE HIGHER SALARY**

BOSTON, March 4.—Governor Walsh sent to the legislature a special message today saying that he would refuse to accept an increase in his salary from \$8,000 to \$12,000 a year. While conceding that the present salary is inadequate, the governor said that the verdict of the election constituted a binding contract with the people at a fixed sum.

**WILLIAM TAYLOR, AGED 104, DIES IN DENVER**

**Money Saved by Making Your Cough Syrup at Home**

Takes But a Few Moments, and Stops a Hard Cough in a Hurry.

Cough medicines, as a rule, contain a large quantity of plain syrup. If you take one pint of granulated sugar and a pint of warm water and stir about 2 minutes, you have as good syrup as money could buy.

If you will then put 2 1/2 ounces of pine (sugar) worth in a pint bottle and fill it up with the Sugar Syrup, you will have as much cough syrup as you could buy ready made for \$2.50. Take a teaspoonful every one, two or three hours. It keeps perfectly.

You will find it one of the best cough syrups you ever used—even in whom usually conquers an ordinary cough in 24 hours. It is so laxative enough, has a good tonic effect and the taste is pleasant.

It is a splendid remedy too, for whooping, hoarse and bronchial asthma.

Pine is a most valuable concentrated component of Norway white pine extract, rich in gualacol and other healing pine elements. No other preparation will work in this formula.

This plan for making cough syrup used in more homes than any other cough remedy. The plan has often been imitated but never successfully.

A guarantee of absolute satisfaction or money promptly refunded, is included in this preparation. Your druggist or Part of will get it for you. If sent to The Pine Co., Ft. Wayne.

**THREATEN RECALL WHEN JUDGE SENTENCES NEGRO TO 30 YEARS IN PRISON**

LOS ANGELES, March 4.—Protests, threats of recall and denunciations poured in today upon Judge Willis of the criminal department of the superior court in consequence of his action yesterday in sentencing to 30 years imprisonment Charles Guyton, a young negro, convicted of highway robbery, although his only lost was a white girl's kisses.

Depositions of white women visited the judge today to demand that action be taken to save Guyton from such severe punishment. Telephone messages informed him that petitions were being prepared for his recall. Other women called in prison to say that steps would be taken to procure a pardon from the governor.

Judge Willis explained that the negro had been convicted of highway robbery. He had taken a dime from the white girl although he gave it back after he kissed her, and he had subjected six other young white women to similar treatment, besides criminally attacking two negro girls.

One deposition of women visited the district attorney to learn what procedure was necessary to impeach the judge or otherwise remove him from office.

**CABBY REBUKED SIR HENRY IRVING**

From the Birmingham Gazette.

On one occasion Sir Henry Irving, when playing Shylock at the Lyceum, drove to the theater in a hansom, and by mistake tendered a shilling when the fare was really eighteen pence, or two shillings. The cabman looked hard at the shilling, and then said:

"Well if you play the Jew inside as well as you play it outside, blast if I don't spend the bob in coming to see you!"

**Blackhand's Hired Assassin Reveals Secrets of Mafia**

NEW YORK, March 4.—Black Hand gangsters, who murderously attacked employees on the estate of John D. Rockefeller at Pocantico Hills, are said to have been named in a confession today by Piero Rabacchi, who is in the death house at Sing Sing prison waiting to be electrocuted.

Rabacchi confessed to the murder of Tony Marro, at White Plains for which crime he is to suffer the death penalty, and also revealed the secrets of the "Sicilia," which has been responsible for a number of murders in the county.

The prisoner gave facts to show that he had been the hired assassin of the Black Hand agents. Rabacchi, in his confession, solved the mystery of the murder of a man whose body was found in a pond with 17 knife wounds in his back, last December, and told of four other Italian assassinations.

Several arrests are expected to follow.

### PARCLOS

"Freckles" a dramatization of Gene Stratton-Porter's famous novel of the same title, which in point of sales has been the sensation of the literary world, is announced as the attraction at the Opera House for next Monday. This stage version is the work of Neil Trowney, and the cleverness of his adaption will be realized especially by the readers of the story, because of the masterful manner in which he has evolved an interest-compelling and intensely dramatic play from a tale whose chief charms lie in its tender

simplicity and its evocations with consummate skill. Jules Velle will be seen here as the plucky little war "Freckles" and Carrol Bellmore as the "Angel." An exceptionally strong supporting company is promised.

### MRS. CLAUDE SUMMER DIES

Mrs. Claude Summer died yesterday at the home of relatives, 324 North Wahatch avenue, after an illness of several months. The funeral will be held tomorrow morning at 10 o'clock from the Carrington undertaking rooms. Mrs. Summer, who was Miss Anna E. Stout before her marriage about three years ago, had a wide circle of friends in Colorado Springs. Mr. Summer lived here for 17 years, and at present is employed by the Rocky Mountain Fuel company in Denver.

The funeral of Mrs. W. E. Sackett, who died yesterday at a local hospital, will be held at 10 o'clock this morning from the residence, 1321 Washington avenue. Interment will be in Ogden, Utah.

### Nights of the Courts

The case of Abby Smith against Frank R. Russell will probably go to a jury in the district court today. Smith claims he was struck by Russell's motorcycle.

William Moore, charged with drunkenness, was fined \$10 and committed to jail by the police magistrate yesterday. He is released without the loss of slightest detail.

Interestingly we see Joan appear before Charles VII., whose disguise she has penetrated, and ask for soldiers that she may save France from further humiliation. Impatiently we follow her crossing the Loire at the head of the terrible conflict in the towers at the battle of Orleans. Then follows shortly the crowning of the king at Rheims and the triumphal procession in celebration of the event; the stirring battle under the walls of Paris; the wounding of Joan and the capture of the commanding officer at Compeigne.

Then come the days of captivity, of persecution and brutal treatment. We are shown where Joan refuses to escape and her final delivery into the hands of her English enemies. Through all her spirit soars above the plane of her mental tormentors and her faith remains steadfast to the last. With the cowardice born of vile ambitions, the Earl of Stafford attempts to stab the chained and helpless Joan. We see her pathetically unjust trial and condemnation to the stake. There is a powerfully dramatic moment when her half-sister, groveling in the dust, pleads before Joan as she is being led to the stake and begs for her forgiveness which is readily granted. Then follow the lighting of the brand and the death of the Maid of Orleans.

The play will make particularly strong appeal to those who have read the life of Joan—such a one for instance as was penned by Mark Twain. In fact, the pathetic story of this martyr's life is familiar to every man and woman, boy and girl who has ever studied history in school.

### ODON

"The Diamond Smuggler," which will be shown at the Odeon today, is a splendid detective story showing how Uncle Sam's secret service agents run down diamond smugglers operating between the Kimberley diamond mines of South Africa and the port of entry into the United States. There are any number of very startling scenes, one showing a struggle on top of a tower; another showing the capture of the diamond smugglers in New York harbor and actual scenes at the Kimberley mines.

### Has Colorado City Found the Same?

The Answer Is Found in the Straightforward Statement of a Colorado City Resident.

We have been reading week after week in the local press of Colorado Springs citizens who have been rid of distressing kidney and bladder troubles by Doan's Kidney Pills and we have often wondered whether the same high opinion of this medicine is to be found in our neighboring towns. This frank and earnest statement by a well-known and respected resident of Colorado City will set this doubt at rest.

Mrs. Mary A. Spahr, 413 W. Lincoln Ave., Colorado City, Colo., says: "Two years ago I suffered a great deal from my back and kidneys. I was troubled by rheumatic pains. Doan's Kidney Pills removed these troubles. One of our relatives had also had great benefit from Doan's Kidney Pills. I am willing to tell anyone that Doan's Kidney Pills are a first-class kidney medicine."

For sale by all dealers. Price 50 cents. Foster-McIlburn Co., Buffalo, New York sole agents for the United States. Remember the name Doan's and be no other. Adv.

March is a trying month for the very young and for elderly people. Croup, bronchial colds, lagrippe and pneumonia are to be feared and avoided. Elderly people and those with great family medicine that will quickly stop a cough, check the progress of a cold, and relieve inflamed and congested air passages. E. C. Rhodes, Middleton, Ga., says: "La grippe gave me a hacking cough for which I got no relief until I took Foley's Honey and Tar compound, and was soon well of both cough and cold." Robinson Drug Co. ### Interstate Trade Commission Bill Entirely Revised

WASHINGTON, March 4.—Revision of the interstate trade commission bill, as prepared by the house interstate commerce committee, practically was completed today after a conference with President Wilson on the subject attended by representative congressional chairman and other members of the subcommittee. The bill will be taken up by the full committee immediately and reported to the house next week.

The senate committee on interstate commerce also is working on the trade commission plan, but probably will not report a bill until after the house has acted upon the Cushing measure.

The house bill contemplates a trade commission to consist of three instead of five members as originally prepared, and the commission would have power to investigate corporations as an aid to the attorney general and the courts.

To guard against undue publicity of the affairs of corporations the revised draft would provide that the commission should report to the president a variety of information concerning unfair practices of corporations not necessarily in violation of law. It would be left to the discretion of the president whether the results of such an inquiry should be made public.

Consideration of the proposed legislation to regulate trusts continued in the house and senate committees. It has been decided to resume all the tentative bills at the measure to define restraints of trade and the antitrust act.

### ST. LOUIS POLICE PROBING FOUR MYSTERIOUS FIRES

ST. LOUIS, March 4.—The police and fire department tonight began an investigation into a fire at Third and Locust streets which early today resulted in the death of a fireman and damage to property estimated at \$100,000.

This was the fourth early morning fire of unknown origin discovered during as many days within a radius of four blocks in the heart of the business district. The fires have cost the lives of two firemen and the serious injury of a dozen others and property damage aggregating \$1,000,000.

### Bryan Will Make Trip in September to South America

WASHINGTON, March 4.—Secretary Bryan today informed the governing board of the Panamerican union, composed of the representatives here of all the American republics, that he had accepted the invitation of Chile and would visit Santiago, Chile, next September at the time of the meeting there of the fifth Panamerican conference. Senator Suarez, minister from Chile, extended the invitation to Secretary Bryan.

President Wilson has approved the plan and the secretary plans to leave about the middle of August. He expects to proceed down the west coast of South America, stopping at Peru, and to return by the east coast, making visits in Argentina, Uruguay and Brazil.

Mr. Bryan's predecessors, Secretaries Root and Knox, paid friendly visits to a number of the South and Central American countries while they were in office. Secretary Root made an extended trip around South America, during the course of which he delivered many important speeches which diplomats said did much to increase the growing friendship between the

### LEASING OF PUBLIC LAND FOR GRAZING ADVOCATE

WASHINGTON, March 4.—A. W. Hurd of Phoenix, Ariz., president of the National Irrigation association, and J. M. Hurd of Delta, Colo., president of a stock association, appeared as witnesses at a hearing today before a house public lands committee. Hurdian urged, however, that "the rights should not be interfered with."

RES. WILSON  
ASKS REPEAL  
CANAL TOLLS

Appears Before Joint Session  
of Congress to State  
His Position

IMMEDIATE ACTION ASSURED  
Chicago Contests General  
Administration of Foreign  
Policy, Believed

WASHINGTON, March 5.—Effort  
before Congress today to  
secure the repeal of the  
canal tolls which have  
been levied on American  
shipping since 1892.  
The repeal of the tolls  
was one of the promises  
made by President Wilson  
in his inaugural address.  
The repeal of the tolls  
was one of the promises  
made by President Wilson  
in his inaugural address.

Touche on Foreign Relations  
Side from the hearing of today's  
session on the Panama canal  
tolls, the speaker took  
occasion to touch on foreign  
relations.

Three Cardinal Points  
Three points in particular  
were made by the speaker  
today. First, the speaker  
stated that no communication  
had been received from the  
Panama Canal Company  
regarding the tolls.

That the establishment of national  
farm loan banks, as advocated by  
the congressional committee investigating  
the situation, will result in an early  
development of Colorado lands.

HIGHER EDUCATION  
DOES NOT IMPAIR  
HEALTH OF WOMEN

Noted Educators Meet in New  
Haven in Eleventh  
Annual Session

NEW HAVEN, Conn., March 5.—  
The eleventh annual session of the  
National Association of Collegiate  
Women, Inc., opened today in the  
Hotel Yale in New Haven, Conn.

Dr. Hadley on the Pulpit  
"Nothing has done more to under-  
mine the influence of the pulpit in  
recent days than the attempt to deliver  
sermons on questions of politics or  
the basis of a merely casual study of  
the word," declared President Hadley.

His address further was in appeal  
for higher education. It was  
said, in the words of the  
speaker, that the only way to  
solve the problem of the future  
was through education.

CUSTOMS DUTIES FALL  
OFF, BUT INCOME TAXES  
MAKE UP THE DEFICIT

WASHINGTON, March 5.—While  
customs receipts have fallen off  
under the new tariff, the internal  
revenue has increased to the point  
where it is now making up the  
deficit.

Vindictos and Granite File Charges Against  
Teller County Treasurer; Packed by Mine  
Owners and 55 Companies

In a suit filed yesterday in the  
district court of Teller county by  
the Vindictos and Granite Gold Mining  
companies against Thomas A. Teller,  
treasurer of Teller county, it is  
claimed that taxes in Teller county  
chiefly on mining property and  
amounting to \$83,629.87 are illegal  
and void. The suit was filed in Cripple  
Creek by Judge E. A. Colburn, as pres-  
ident of the Cripple Creek Mine Own-  
ers association, and Clarence C. Ham-  
lin of this city, representing the Granite  
company and also the association.

Bank Injunction.  
Judge Colburn and Mr. Hamlin  
yesterday obtained at the office of the  
county treasurer a Cripple Creek  
injunction against the Teller county  
treasurer for failing to pay the taxes  
on the mining property.

UNION HAS PAID  
OVER \$2,000,000  
TO COLO. MINERS

MINERS WORKERS OFFICIAL  
BEFORE COMMITTEE

Denver, March 5.—The United  
Mine Workers of America have paid  
approximately two millions of dollars  
in strike benefits to striking miners  
in Colorado since April 1, 1910. This  
was the statement today of Edward L.  
Doyle, secretary and treasurer of Dis-  
trict 15, before the house subcom-  
mittee investigating the Colorado coal  
miners' strike.

Given for Union Cause.  
The money raised for strike ben-  
efits was contributed by members all  
over the United States, replied Doyle.  
"It was given for the support of a  
strike, with the object of benefiting  
the organization and all its members.  
We would not consider it fair to take  
this money and expend it in a way  
that would not advance the union  
cause, however much it might benefit  
the individual miners in Colorado."

Senator W. A. Smith Makes  
Grave Charge; Diaz May  
Not Get Hearing

WASHINGTON, March 5.—While  
tension that had been felt over the  
Mexican situation as a result of the  
Benton execution has been practically  
removed in official circles here, the  
discussion of Mexican affairs at both  
the capitol and executive quarters to-  
day revealed a broad interest in de-  
tails of the Mexican problem, with the  
arrival of Felix Diaz, who helped  
Huerta to overthrow Madero and later  
fled from Vera Cruz because of fear  
of Huerta. It is generally supposed  
that he desires to appear before the  
senate foreign relations committee,  
though he has submitted no request  
and has avoided publicity.

Given for Union Cause.

AGED MEXICAN  
OFFERS LIFE  
TO SAVE SON

Villa Demands 500,000 Pesos  
as Ransom for Luis  
Terrazas, Jr.

EL PASO, Tex., March 5.—Luis  
Terrazas, father of the late Mexican  
president, offered today to save his  
son, Luis Terrazas, Jr., who is being  
held by General Villa, by paying a  
ransom of 500,000 pesos, or \$100,000.  
The father said that he would be  
glad to pay the ransom, but that he  
was not sure that Villa would accept  
it.
